

DANNY SHASH

Passionate and motivated Civil Engineer-In-Training looking for a new challenge.

To whom it may concern,

I am a highly passionate and driven individual, looking for a challenging and exciting position in the engineering field.

I am an excellent communicator and possess professional presentation skills. I pride myself on being tech-savvy, with the ability to grasp complicated software and applications quickly, with a minimal learning curve. Being a people's person, I am a great team player and highly adaptable, with the ability to work with different kinds of people from all walks of life. Moreover, I am highly responsible, dedicated and extremely organized, and work well under tight deadlines and pressure.

I can provide portfolio/project samples to demonstrate my skills.

I believe that I can be a great asset to your team, and I hope to hear from you soon.

EDUCATION

Bachelors in Civil Engineering
2012 • 2016 | Montreal

Concordia University
Graduation: December 2016

SUMMARY OF QUALIFICATIONS

- Knowledge of and ability to apply the fundamental concepts, practices and procedures of civil engineering to projects.
- Tech savvy in the use of industry software, with a short learning curve.
- Skilled at analyzing and interpreting architectural and engineering diagrams.
- Knowledge and understanding of construction management and processes.
- Knowledge of basic project level budget estimation, preparation, monitoring and control.
- Articulate, with good communication skills, and the ability to understand and follow written project specifications.
- Creative and innovative, with a thirst to learn, participate and apply my knowledge.
- Highly motivated and enthusiastic, with a high level of organizational skills and attention to detail.
- Proven motivational and leadership skills within previous team projects.

CODES & STANDARDS KNOWLEDGE

Knowledge in the following Canadian (and US Equivalent) design codes & standards for steel, concrete, wood, & masonry:

- CSA 16-09 – Design of Steel Structures (ANSI/AISC 360-10)
- CSA-A23.3-04 – Design of Concrete Structures (ACI 318-11)
- CSA O86-09 – Engineering Design in Wood (ANSI/AWC NDS-2015)
- CSA S304.1-04 – Design of Masonry Structures (TMS 402/602)
- AASHTO GDH - Geometric Design of Highways and Streets

PROJECT PARTICIPATION

Split Level House Construction - Windsor • Summer 2014

PROJECT MANAGER INTERN

- Assisted in preparing detailed estimates based on comprehending architectural and engineering documentation, specification and drawings as well as construction, risk evaluation and material take-off techniques.
- Cooperated with project management to prepare execution plans, work schedules and manpower loading charts.
- Organized and planned site facilities in order to ensure site safety.
- Coordinated construction work such as foundation formwork.
- Communicated project timelines and cost control with project management to ensure schedules, budgets and quality control standards are achieved and maintained.
- Built positive internal and external client relations.

Arabic - intermediate

INTERESTS & HOBBIES

Technology

Gym & Sports

Nutrition

Traveling

Outdoor Recreation

MEMBERSHIPS

- Registered EIT member of the Ordre des ingénieurs du Québec

WORK EXPERIENCE

Allure Express LLE - Dubai / Abu Dhabi - UAE • 3 Month Internship • 2014

CAD INTERN

- Assisting in preparing design packages for client briefs.
- Creating CADs for different brands kiosk designs, based on previous established templates.
- Recommending preferred supplier relationships
- Researching, make recommendations, preparing and presenting reports, documents and responses relating to designated projects and administrative tasks.
- Preparing custom designs, drawings, documentation packages and other technical information from concepts, sketches and other data using various design & project management software.
- Writing and updating technical reports and procedure manuals, and interpreting a variety of technical data.

Suska Digital Design - Montreal • Winter 2013 to present

ADMINISTRATIVE ASSISTANT

- Organizing receipts, invoices and estimates into online bookkeeping software.
- Sourcing and interviewing small team of off-shore developers and programmers for projects.
- Uploading content to Wordpress managed websites, such as pictures, text and plugins.
- Performing general administrative tasks.
- Researching, writing, editing and maintaining compelling content for use in email newsletters, campaigns, promotional landing pages, webpages and social channels.
- Performing Content Management System administration on WordPress
- Building reusable code and libraries for future use

SOFTWARE SKILLS

Considerable skills in the following softwares

CAD & ANALYSIS

- Revit
- Robot Analysis
- Autocad
- Navisworks
- Civil 3d
- Dynamo
- Sketchbook
- SAP
- ETABS
- STAAD
- SAFE

MATHEMATICAL ANALYSIS

- Matlab

MICROSOFT SUITE

- Word
- Excel
- PowerPoint
- Project
- OneNote
- Visio

ADOBE SUITE

- Acrobat
- Photoshop
- Illustrator
